ONE COMPANY. ONE FAMILY. ONE PASSION.

Yes, India is our home — we're fortunate to call it that — and we're thrilled to share it with our valuable guests. We raised our children in the Mehrauli District of New Delhi, quite close to famous Qutub Minaret. And we began and built our company here in the land of our birth. So you see, when you travel with "Sanyog Gupta Voyages" you're travelling with more than just a company — you're travelling with our family.

ALL THE TIME. EVERY TIME.

The service industry is more intricate than any other existing industry. Every traveler, customer and client has different palate from another. Our highly experienced and qualified staff tries to grant the best from the present time but sometimes the situation occurs when client doesn't feel comfortable. We promise you not to let you down ever in front of your clients and to give you best in terms of customer satisfaction. All you need to do is just "Trustful cooperation with us".

CARING FOR OUR PLANET

WE ENDEAVOUR TO BE RESPONSIBLE tour operator and respect nature and the environment we work in. Tourism is a key element in the global economy, but it also has its downside. Environmental protection is nothing new to us, which has been committing itself to environmental activities since 2000. Since then, we have regularly taken part in cleaning projects on various mountain paths that have been affected by intensive tourism.

We operate our own environmental cleaning projects to keep the environment neat, clean and green. We also organise ecology training and attract volunteers to participate in our environmental projects. Moreover, we aim to bring awareness to our employees on the necessity to care for nature and the environment.

We encourage activities such as reducing the use of paper, plastic and electric energy in office activities, re-use and recycling.

IN SOCIAL SANYOG GUPTA FOUNDATION

For us, charity begins at home. We would soon launch a charitable organisation named Sanyog Gupta Foundation under “Dreams & Wishes”. The foundation will help out all waifs and strays children, needy people for living and other health related financial aid.

We made an announcement of this foundation on an interview to the News Paper here in New Delhi. "I have been thinking of opening a foundation like this for long and when I am settled mentally and financially I decided it's the right prospect to announce our foundation, because for us charity begins at home.

The charitable sector is an imperative and captivating one, economically, socially and culturally. Every one of the world's great religions emphasises the moral imperative of charitable giving. There is no code of ethics, whether religiously based or secular, that does not mandate the strong to look after the weak, “shares Sanyog”.

We would be glad to be given any help from corporate world to raise funds for the foundation.
