iMEC Planet

Incentives | Meetings | Events | Conferences

As we have evolved as a company, we have come to realise that our love lies not in booking tour packages, but in showcasing the unique experiences across the nations we serve. We realised that there are many secret corners of our world, rare moments, mysteries and stories.

Our company owned by a family, but run professionally. We have hierarchical systems which are driven by our core family values. We have come to understand we do not want to be the largest company globally. We have never tried to be the richest or the most influential. I say, we just want to be the bestest in what we do.

We are a family tradition for over three decades that have been highlighting this part of the planet. All over Indian sub-continent, we have grown to become a popular, valued and autonomous DMC providing the finest cultural experiences, personal immersions and natural wonders. We are here to build stories for our clients, tales of love, of wonderful excitement. We are proud of our past and its legacy.
