From Monument of Love - Taj Mahal to the City of Bollywood

Delhi, India's capital territory, is a massive metropolitan area in the country's north. In Old Delhi, a neighbourhood dating to the 1600s, stands the imposing Mughal-era Red Fort, a symbol of India, and the sprawling Jama Masjid mosque, whose courtyard accommodates 25,000 people. Nearby is Chandni Chowk, a vibrant bazaar filled with food carts, sweets shops and spice stalls.

Agra, With three of UNESCO's World Heritage sites to its name, Agra is known for its monuments, history, and culture. Situated on the banks of the river Yamuna, the magnificent beauty of Taj Mahal is what attracts everyone towards this city.

Jaipur is the capital of India's Rajasthan state. It evokes the royal family that once ruled the region and that, in 1727, founded what is now called the Old City, or "Pink City" for its trademark building color. At the center of its stately street grid (notable in India) stands the opulent, colonnaded City Palace complex. With gardens, courtyards and museums, part of it is still a royal residence.

Mumbai is not only the capital of Bollywood but is also one of the best cities in Maharashtra to visit if you are looking for a fresh start. With its sultry beaches, the iconic Gateway of India, and various other historical places, the city offers you a modern and urban way of spending your vacation.

It is a good day to have a good day!

Kolkata (formerly Calcutta) is the capital of India's West Bengal state. Founded as an East India Company trading post, it was India's capital under the British Raj from 1773–1911. Today it's known for its grand colonial architecture, art galleries and cultural festivals. It's also home to Mother House, headquarters of the Missionaries of Charity, founded by Mother Teresa, whose tomb is on site.

Being happy never goes out of style!

World famous Ananda In the Himalayas is considered to be the top destination spas in India. Set against the soothing background of the Himalayas, it's built on a Maharaja's palace estate.

The spa offers therapeutic treatments based on traditional Indian practices of Ayurveda, yoga, and meditation. There's also an enticing spa boutique, stocking everything from music to organic food. A three-night minimum stay is required.

Why go?

The first luxury spa resorts in India, Ananda is constantly innovating and renewing their offerings. We particularly love their ever-changing spa cuisine and their visiting masters programme. Ananda Active, their new boot camp-ish experience, includes outdoor treks, a core abs workout, hydrotherapy jets, massages and more packed into five, seven or 14 days.

Crowning Jewel of India

Rajasthan is blessed with rich heritage and a regal lineage. Vestiges of Indian royalty can be felt in the various forts and palaces speckled across the country. From hill forts in Rajasthan to formidable fortifications in Gwalior, Golconda and Delhi, the history of India stands tall and proud, housed inside these marvellous structures.

To experience how the royalty lived in the past, several of these palace-turned heritage hotels are a must-visit. Visiting these forts and palaces is the best way to uncover a real treasure of Indian history. These serve as great reminders of the bygone eras, mystical kingdoms and their rulers.

“This is India; the land of dreams and romance, of fabulous wealth and fabulous poverty, of splendour and rags, of tigers and elephants, the cobra and the jungle, the country of a thousand nations and a hundred tongues, of a thousand religions and two million gods, cradle of the human race, birthplace of human speech, mother of history, grandmother of legend, great-grandmother of tradition — the one land that all men desire to see, and having seen once, by even a glimpse, would not give that glimpse for the shows of all the rest of the globe combined.”

Discover a Long-Closed Land!

Bhutan is an enchanting Buddhist kingdom situated in the Himalayas, nestled between India and China. In the 1800s, various European maps conflated it with Tibet, and it has remained remote and relatively untouched down to the present day; TV and Internet, for example, were only introduced in 1999. It's no surprise, then, that Bhutan retains an aura of mysterious allure, and visiting can still feel like stepping back in time. The land is rugged and largely virgin; the people, who always wear the national gho and kira dress, are regal yet friendly. It is a beguiling place where tobacco is illegal but marijuana grows wildly; where archery remains the national sport, and where progress is measured not in GDP but "Gross National Happiness."

Mountains are blanketed with evergreen forests and dotted with Buddhist temples, valleys are sliced by glacial rivers and the piney air is delicious and clean. Bhutan's luxury hotels and lodges are divine, but it is the Bhutanese people that make Bhutan Holidays so special – they are extremely quick to laugh, and they've even been ranked number one in the world for Gross National Happiness!

The "Land of the Thunder Dragon" is one of the last remaining strongholds of Tantric Mahayana Buddhism and its rich cultural heritage is visible in the white-walled dzongs with their communities of studying monks, the decor of peoples' homes and the ornately painted wall motifs.

Captivating & Colourful

Standing at the "Roof of the World," Nepal is probably best known for being home to eight of the world's ten highest mountains, including the incomparable Mount Everest, the loftiest of them all. This small Himalayan country, surrounded by China, India and Bhutan, is stunningly beautiful, with some of the planet's most picturesque mountain scenery.

Over 80 percent of Nepal's people practice the Hindu religion, making it, along with Bali, the only Hindu nation in the world outside of India (Buddhism also maintains a strong influence however). Nepal's monarchy was dissolved in May of 2008 and replaced with a federalized, multi-party republic.

We are eager to take you trekking and climbing but also to show you some of the country's other incredible features such as the Swayambhunath Temple in Kathmandu, an elephant safari to see one-horned rhinos in the Chitwan National Park, adventure sports in Pokhara which include ultra-lites, paragliding, the world's highest zipline - which comes with the amazing backdrop of the Himalayas - trekking the Everest region, helicoptering to the Everest base camp, tackling the Annapurna trail, and seeking out the isolated Kingdom of Mustang and the spectacular ancient cities of Kathmandu, Bhaktapur and Patan.

Land of Infinite Possibilities

Bangladesh is a young, dynamic, forward-looking country of staggering beauty which is dominated by pulsating capital city Dhaka, political heart of the nation. Once part of British India's Bengal province, Bangladesh, formerly East Pakistan, was born from the tumultuous independence and subsequent partition of India. Following a ruinous, year-long war of independence against Pakistan, in 1971, Bangladesh split away and became its own independent nation.

Today, Bangladesh, tucked between India and Myanmar, is one of Asia's undiscovered jewels; it boasts incredible physical beauty, with emerald rice paddies, lush rainforests, and the world's longest natural beach. Additionally, Bangladesh is one of Asia's least visited countries, and is thus an excellent choice for travellers seeking to travel off the well-worn path.

From the start, this is a journey of colours and contrasts that will leave you enchanted by the delights of beautiful Bangladesh. Starting in the capital of Dhaka, you'll be whisked into the countryside to see the sacred temples and peaceful tribal villages around Sylhet and Rangamati, stopping for an exhilarating tour of Lake Kaptai. Spend time on the beaches at fishing port Cox's Bazaar, walking, relaxing and enjoying dinner on the sandy stretches that go on for miles and miles.

Wonders of Asia

Sri Lanka is often overlooked as being simply a beach destination, but at its heart you'll find a collection of historical and cultural wonders well worth a closer look. Stretching between Anuradhapura, Polonnaruwa and Dambulla – and encompassing everything in between – the Cultural Triangle is a treasure trove of ruins, rocks and wildlife.

Easily accessible either over land from Colombo, or via a short internal transfer with Cinnamon Air, both ancient cities – Anuradhapura and Polonnaruwa – offer a wealth of historical and religious sites, whilst the cave temples of Dambulla make up the third point of the triangle.

Within the triangle you'll also find the iconic Sigiriya Rock and the parks of Kaudulla and Minneriya, ideal spots for elephant safaris in open-topped 4x4 vehicles. This mango-shaped Indian Ocean island is a bountiful and spirited nation, overflowing with natural wonders, abundant wildlife, sumptuous cuisine, ancient UNESCO World Heritage sites and a rich cultural legacy.

From the cool colonial Tea Country and Cultural Triangle in the country's interior, to the curvaceous golden sands on the coast, and the plentiful national parks home to some of the best birding and wildlife in Asia. Sri Lanka is one of God's own places, matching great natural beauty with beautiful man-made creations.

Formerly known as Ceylon, Sri Lanka's relatively small size belies its enormously varied landscape and activities on offer.

The Cultural Gold Mine

A land of fascinating history, gracious people and some of the foremost ancient architecture in Southeast Asia, Myanmar (formerly known as Burma) is one of Asia's most exciting destinations.

The country has only been truly open to the modern world since 2011, when its military junta began a transition towards civilian-led government. With vast natural resources and proximity to nearly 2.5 billion neighbours in China and India, Burma is poised to play a major role in 21st-century Asia.

Today, the land that seduced scribes like Rudyard Kipling, George Orwell and Somerset Maugham is as beguiling as ever. Since its diplomatic relations with the U.S., Europe, and other global powers were restored, Myanmar has begun attracting ever-increasing numbers of tourists, and has seen the rise of burgeoning tourism industry.

Visitors usually head to the traditional must-sees like Yangon, Bagan, Mandalay, and Inle Lake, but more adventurous travelers can find off-the-beaten-path destinations like the medieval ruins of Mrauk-U, the natural splendor of Putao, and much more.

We have created this private jet trip in Burma since our inception, and our depth and breadth of knowledge gives us a superior position to navigate the country's continuing change.
